

AASI-C Tech Team (Education Staff) tryouts- pathway

Step 1

Please submit 3 letters references, one from your director.

Step 2

Please put together a resume with your qualifications. Including all Snowsport related experience, current/past day job (☺), education, current/past accomplishments and goals!

Step 3

We would require a video with the following displaying your current riding illustrating the current riding standards. These would include; (radius size small- 1 cat track, medium- 2 cat tracks & Large 3 cats)

1. Dynamic skidded small to medium turns on black terrain.
2. Switch dynamic skidded small to medium turns on black terrain.
3. Skidded small turns on black bumps.
4. Dynamic carved large turns on blue terrain.
5. Dynamic carved medium turns on black terrain.
6. Carved medium radius toe to toe turns on blue terrain.
7. Dynamic carved medium to large turns in blue bumps.
8. Pipe run, maintain momentum to the highest point or lip, edge change at the lip.
9. 360 over a small table (5'-10').
10. Any Board slide (90 deg) on a rail with a small entry gap.

We would require the video prior to meeting with any candidates. We can hold an interview at a later date that will fit with everyone's schedules.

Step 4

Interview process; to be included during the interview, Teaching and Professional knowledge would be viewed. A process of Movement analysis and application of would be conducted. Situational riding tasks performed as well as availability discussion, time commitments, guidelines, portfolio explanation and expectations.

Step 5

Feedback session, communication going forward, will be situational and communicated appropriately.

Submission of required materials can be sent to Snowboard Administrator. Thanks for your interest!
